15 Maitland Place

15 Maitland Place is a lovely spacious 21 floor condo building near Jarvis and Wellesley. Located between two major north-south streets (Jarvis and Sherbourne) and two major east-west streets (Wellesley and Carlton), there is virtually nothing necessary to your day-to-day living that is not within a short walk or short ride. Imagine meeting friends in your lobby and walking to Yorkville, or to a chi-chi restaurant on Jarvis, or to movie theatres on Yonge, or at Bay and Bloor. Could going out be any more convenient than that?

The suites feature floor to ceiling windows for great views and an open-concept layout for a bright, airy feel.
